## AZVA ADVANCED LEARNER PROGRAM—SUMMER SUGGESTIONS

### What is the Advanced Learner Program?

The Advanced Learner Program is evidence-based instruction and behavioral strategies that are tailored to the student's needs, which are monitored frequently to enrich the academic progress of the student.

To keep up your thinking skills, here are a few suggestions for the summer:

- ◆ Think about something you really want to create, plan it with your parent or learning coach, and make a project of it.
- ◆ If you love animals or a specific animal, read about them, find pictures about them or take pictures of them and put your information into a scrapbook. You could even record sounds of them. This can become a lifetime keepsake.
- ◆ If you are into Music or Drama, create your own music and perform it.

These are just a couple of ideas. I know you can come up with ideas of your own!

*Arizona Virtual Academy is a public online charter school that uses K12, Inc. programs and curricula to meet the needs of diverse student populations through innovative uses of technology, effective teachers and instruction, and partnerships with families and community. AZVA empowers students to think critically and achieve academic success and personal growth. AZVA is devoted to making quality public education accessible for all Arizona students- regardless of geographic, financial, or demographic circumstance – and to provide online education alternatives that are as unique as the students we serve.*

All students are to receive an education appropriate to their individual capabilities, interests, and needs.
